

Welcome to

Early Years Foundation Stage

Nursery

Our Nursery is a large self-contained unit with its own kitchen, toilets and outdoor play area. The room itself is split into different play zones such as home corner, art area, investigation zone (which is where Brian our pet snail lives).

Reception

We have three rooms in our Reception area. There is a classroom, an art area and a play-based learning room

Outdoor Areas

We have lots of outdoor space to explore. A covered veranda for outdoor play in all weather, a play area which includes different zones such as gardening, construction, water play. A bike track and a large on-site forest area.
