

Privacy Notice:

Data Protection Act 1998: How we use your information.ⁱ

We process personal information relating to our student/pupils and may receive information about them from their previous school or college, local authority, the Department for Education (DfE) and the Learning Records Service. We hold this personal data to:

- support our student/pupils' learning
- monitor and report on their progress
- provide appropriate pastoral care; and
- assess the quality of our services

Information about our student/pupils that we hold will include their contact details, national curriculum assessment results, attendance information, any exclusion information, where they go after they leave us and personal characteristics such as their ethnic group, any special educational needs they may have as well as relevant medical information. For student/pupils enrolling for post 14 qualifications, the Learning Records Service will give us the unique learner number (ULN) and may also give us details about your learning or qualifications.

In addition, once our student/pupils reach the age of 13, the law requires us to pass on certain information about them to Shropshire Local Authority who have responsibilities in relation to the education or training of 13-19 year olds. We provide them with these student/pupils' names and addresses, dates of birth, name(s)/address(es) of their parent(s)/guardian(s) and any other information relevant to their role. We may also share certain personal data relating to children aged 16 and over with post-16 education and training providers in order to secure appropriate services for them.

A parent/guardian can ask that no information apart from their child's name, address and date of birth be passed to Shropshire Local Authority by informing us at the school. This right is transferred to the child once he/she reaches the age 16. For more information about services for young people, please go to our local authority website
