

Inter-house Sporting Competition

At Grange Primary, we try our best to promote Sportsmanship and to embrace and nurture the competitive spirit in our child, young person (CYP).

Every year we hold Inter-House competitions to build moral and team spirit and to also encourage active participation in sport and physical activity. Our CYP take these competitions seriously and **try their best**. Every CYP is involved in these competitions at some point during the school year. Our CYP are very supportive and **take care** of one another and love to cheer their house team on.

Some of our older children have also become leaders and have helped to organise and develop the competitions and events with the PE coaches. Shrewsbury Academy Secondary students also support these events.

Competitions include:

- Hockey tournaments
- Netball tournaments
- Football tournaments
- Table tennis tournaments
- Rounders tournaments
- Sports days

Other competitions may occur throughout the year depending on what the children and staff would like to participate in.
